

Student Research Program Application

The Department of Anesthesiology & Perioperative Care at UC Irvine Health invites undergraduate students interested in clinical research to submit an application for consideration. **Eligible candidates must include all of the following items when submitting an official inquiry to the Anesthesiology Research Team, anesthresearch@uci.edu:**

1. Curriculum Vitae or resume (PDF)
2. Training and Tutorial Course Completion Certificates (PDF)*
3. Completed Student Research Program Application (PDF)

*Training and Tutorial Courses

Prospective candidates must complete **(A)** CITI Human Research Protections Training and HIPAA Research course and **(B)** CITI Good Clinical Practices before submitting an inquiry to the research team. Remember to include copies of the completed tutorial certificate with your initial inquiry. Reference the [UCI Office of Research](#) website for more information.

If you do not have a UCI netID, can use a current email to register for the required training and tutorials and include a screenshot or a PDF of the Certificates of Completion.

(A) Human Research Protections (HRP/IRB) and Health Insurance Portability and Accountability Act (HIPAA)

1. Go to <http://www.research.uci.edu/ora/train/tutorials.htm#citihrpcourse>
2. Then click on Human Research Protections.
3. Under Resources, click on CITI Human Research Protections Course
4. Click on Login through my institution (Log in via SSO)
5. Select "**University of California, Irvine**" as the Participating Institution.
6. Login using your **UCI netID** and **password** on the UCI secure log-in page
7. Enroll in a course appropriate for your role and purpose in completing the CITI HRP Course (e.g., Biomedical Investigator, Social & Behavioral Investigator, IRB member or HRP Staff) > Course title: "**Basic HRP (Human Research Protection) Course for Biomedical Investigators**".
8. The required and optional modules for your course are listed in the Gradebook.
9. Complete the required modules and associated quizzes.
10. Complete any optional modules that may be of interest to you.
11. It may take up to 24 hours for CITI completion to be reflected in the UCI Human Research Protections database.

(B) Good Clinical Practices

1. Go to <http://www.research.uci.edu/ora/train/tutorials.htm#citihrpcourse>
2. Then click on Human Research Protections.
3. Under Resources, click on CITI Human Research Protections Course
4. Click on Login through my institution (Log in via SSO)
5. Select "**University of California, Irvine**" as the Participating Institution.
6. Login using your **UCI netID** and **password** on the UCI secure log-in page
7. Enroll in a course appropriate for your role and purpose in completing the CITI HRP Course (e.g., Biomedical Investigator, Social & Behavioral Investigator, IRB member or HRP Staff) > Course title: "**I would like to complete the optional Good Clinical Practice (GCP) course**"
8. The required and optional modules for your course are listed in the Gradebook.
9. Complete the required modules and associated quizzes.
10. Complete any optional modules that may be of interest to you.
11. It may take up to 24 hours for CITI completion to be reflected in the UCI Human Research Protections database.

General Information

First Name		Last Name	
School		Major	
Year in school		Estimated date of graduation	GPA

Indicate any specific research interests you have

Availability Information

Start date		Length of availability <i>(i.e. over the summer, quarter, through end of the year)</i>		
Indicate the number of hours to dedicate to a project per week or month <i>(i.e. 15 hours per week)</i>				
Indicate the time of availability on each day <i>(i.e. 9a.m. to 2p.m. If not available, indicate by checking the box)</i>				
Monday	Tuesday	Wednesday	Thursday	Friday
_____ to _____	_____ to _____	_____ to _____	_____ to _____	_____ to _____
